

PEARL PANDA

DIGITAL SERVICES

Websites • Social Media • Digital Presence

• ABOUT PEARL PANDA

Pearl Panda provides modern digital services for businesses and organizations that want a stronger online presence. Our current services focus on website development and monthly social media management.

• SERVICES WE PROVIDE

Service	Description
Website Development	Responsive websites designed and developed around the client's business, audience and requirements.
Social Media Management	Monthly packages covering content planning, creative content, captions and publishing support.
Website + Social Media	A combined option for clients who want their website and social media presence handled together.

• INDUSTRIES WE SERVE

Our services can be tailored to different industries, with the website and social media style adapted to each business.

Industry	Typical Digital Needs
Cafés & Restaurants	Menu / food showcase, location, reservations or enquiries, offers, Instagram content and promotions.
Events & Event Companies	Event showcase, enquiry forms, event galleries, promotional content and social media campaigns.
Real Estate	Property listings, project showcases, enquiry forms, lead-focused landing pages and property content.
Retail & Local Businesses	Product / service showcase, contact information, promotions and consistent social media content.
Creators & Personal Brands	Portfolio, personal website, content presence, profile building and social media management.
Startups & Small Businesses	Company website, service pages, lead forms, launch content and ongoing social media presence.

• WEBSITE TYPES

Type	Description
1. Basic Portfolio Website	Clean responsive informational website with essential pages, navigation, contact / CTA sections and deployment.
2. Website with Backend	Frontend connected to backend and database for dynamic information, forms and required functionality.
3. Full Backend Website	Complete web application with backend, database, login / authentication and application-specific functionality.

1. WEBSITE DEVELOPMENT

Pearl Panda develops websites based on the client's industry and selected website type. The design, content structure and functionality can be adapted for cafés, restaurants, events, real estate, retail, creators, startups and other businesses.

Website Type	Core Features	Examples
Basic Portfolio Website	Responsive pages, navigation, service / work sections, contact / CTA and deployment.	Café, restaurant, portfolio, local business
Website with Backend	Frontend + backend + database + dynamic data + forms.	Event company, business directory, property listings
Full Backend Website	Frontend + backend + database + login / authentication + application features.	Real-estate platform, booking system, customer portal

2. SOCIAL MEDIA — MONTHLY PACKAGE

Social media services are offered as a monthly package. Content and creative direction are adapted to the client's industry, audience and brand style.

Included Service	Description
Content Planning	Monthly ideas, themes, content pillars and posting calendar.
Social Creatives	Branded posts, carousels and other agreed social media formats.
Captions & Copy	Captions, hooks, calls-to-action and platform-specific copy.
Scheduling / Publishing	Scheduling or publishing approved content where included.
Monthly Overview	Simple summary of published content and social media activity.

3. INDUSTRY-SPECIFIC SOCIAL MEDIA

Industry	Content Examples
Cafés / Restaurants	Food photography posts, menu highlights, offers, reels, ambience and customer-focused content.
Events	Event promotions, countdowns, highlights, venue content, announcements and post-event content.
Real Estate	Property showcases, walkthrough content, project updates, location highlights and enquiry-focused posts.
Retail	Product showcases, new arrivals, offers, launches and promotional content.
Creators	Personal content, portfolio highlights, educational / entertainment content and audience engagement.

4. WEBSITE + SOCIAL MEDIA COMBO

The combo package combines website development with a monthly social media package. The website is handled as a project, while social media continues as a monthly service.

Part	Structure
Website	Choose Basic Portfolio, Website with Backend or Full Backend Website.
Social Media	Choose the required monthly package.
Consistency	Website and social media can share the same visual direction, colours, typography and content style.

5. HOW WE WORK

- Understand the business, industry, audience and requirements.
- Select the website type and/or social media package.
- Confirm scope, content requirements, timeline and deliverables.
- Design, develop and prepare the required digital content.
- Share work for review and complete agreed revisions.
- Launch the website and/or publish approved social media content.

PEARL PANDA | Brand & Website Style

6. COLOUR THEME

Pearl Panda uses a green-led visual identity with deep contrast and a restrained premium accent.

	Colour	Hex Code	Usage
	White	#FFFFFF	Main background and clean space.
	Deep Green / Black	#0B1F16	Primary text, dark sections and strong contrast.
	Primary Green	#2E8B3C	Main brand colour, buttons and highlights.
	Light Green	#70B85A	Secondary accents, gradients and supporting elements.
	Gold Accent	#DAAF37	Selective premium highlights and details.

7. WEBSITE THEME — SOFT & ROUNDED WITH 3D MOTION

The Pearl Panda website follows a soft, rounded visual direction: friendly, polished and tactile, with immersive 3D animation that brings the experience to life while remaining practical and easy to use.

- **Soft & rounded shapes:** generously rounded corners, pill-shaped buttons and tags, rounded cards and containers.
- **Gentle depth:** soft shadows, subtle gradients and layered surfaces instead of hard borders.
- **3D animation throughout:** 3D hero scene, floating and rotating 3D elements (including a 3D panda / bamboo mascot), depth-based parallax, 3D card tilt and hover effects, and smooth 3D scroll-driven transitions.
- **Smooth, fluid motion:** eased transitions, springy micro-interactions and polished page and section animations.
- Colours: white and soft green tints for space, deep green / black for text and contrast, primary and light green for buttons and gradients.
- Gold used selectively as a premium accent.
- Friendly typography with a clear visual hierarchy and approachable calls-to-action.
- Responsive across mobile, tablet and desktop.
- **Performance & accessibility:** 3D and animation are optimised for fast loading and smooth frame rates, with simplified or reduced-motion options for lower-powered devices and users who prefer less motion.

8. WEBSITE PAGES

Page	Purpose
Home	Introduce Pearl Panda, services, industries and primary call-to-action.
Services	Explain the three website types, monthly social media package and combo option.
Industries	Show how Pearl Panda works with cafés, restaurants, events, real estate and other businesses.
About	Introduce Pearl Panda and its approach.
Work / Portfolio	Show selected websites, social media work and previous projects.
Contact	Allow potential clients to enquire about services and current rates.

9. PACKAGE & PRICING

- Website services are quoted according to the selected website type and project requirements.
- Social media services are offered as monthly packages.
- Website + Social Media is available as a combined package.
- Package contents and deliverables are confirmed before work begins.
- Rates are not fixed on the website; visitors are directed to contact Pearl Panda for current pricing.

CONTACT PEARL PANDA FOR CURRENT RATES AND PACKAGE DETAILS.

Clean. Friendly. Modern. Memorable.
